EXPERIENCE

Lathered Edmonton

As a residential cleaner I cleaned full houses in an orderly, and precise manner in a preset amount of time. Cleaning top to bottom and making sure to touch every surface and working as a team made sure everything got cleaned in the time slot allotted.

As a server I worked a POS, took orders, and remembered the menu in order to help prompt customers on menu choices. Being able to banter with customers, while also pertaining to side duties was needed.

Only catering events on weekends such as weddings and concerts. Mainly doing the last step of prep being putting together salad rolls, banh mi, salads, and making sauces. Working in a tight, fast paced space means you have to have initiative, be quick, and clean.
